

# SEBASTIAN HANDKE

---

## UNSERE ZEIT

His Guitar. The Musician. His Songs. - a simple concept and astonishingly, it does not take more to let his music draw you in.

The multitalented guitarist and singer-songwriter Sebastian Handke does not only write his own songs, but also arranges and produces them on his own.

The honest and sensitive lyrics as well as his eloquent and virtuous guitar playing connect him immediately with the audience.

Sebastian Handke is one with his music - since early on in his life he dedicated himself to playing guitar and experimented with lots of diffe-

rent sounds. He successfully studied jazz guitar at the renowned conservatory in Arnhem/Netherlands where he gathered vast experience as a session musician and live guitar player.

His voice as well as his music, sound intimate, free and sincere.

On his first EP "Unsere Zeit" Sebastian Handke accomplished five tunes that withstand the test of time, that invite the listener to ponder, to dream and to hum - with the right amount of catchiness.
